Technical bulletin

TB-094

ATTENTION!

Do NOT install DSP2400 without reading this.

WHY?

This electric hydraulic power steering pump requires programming prior to installation. Without programming the pump will not work.

ACTION: What to do?

Contact your Renault dealer quoting the vehicle's VIN number and OEM number for the pump: 49110-5195R

Remy will not accept any return of this part when failing to comply with these guidelines.
