New air conditioning system for pediatric surgery department

Miskolc, November 30, 2017. – Pediatric surgery, Traumatology and Burns Department of Child Health Center of Borsod-Abaúj-Zemplén County Hospital received new air conditioning system with the help of Miskolc based companies.

BPI Group Hungary Kft. was one of the several companies that participated in a founder sport event for the Pediatric surgery, Traumatology and Burns Department of Child Health Center of Borsod-Abaúj-Zemplén County Hospital, besides the company has also donated some amount of money. Due to the donations the Child Health Center is able to develop its air conditioning system on Pediatric surgery, Traumatology and Burns Department, making the children' recovery easier.

“We are proud to be part of this cooperation and the sport event. Thanks to the initiation we can help the hospital to implement necessary developments and we had a wonderful sport day for our colleagues as well. As the key element of our CSR strategy we feel responsible for the community we operate in and for our employees.” – said Zsuzsa Szokoly, EHS&S Manager of BPI Group Europe.
