Remy Gold HXF M90

BPI Group, a leading manufacturer, remanufacturer and distributor of Remy starters, alternators, brake parts and steering products has expanded its Gold range of premium OE equivalent replacement units with a new family of 24 volt 5.5 kw gear reduction starters.

We now offer a replacement starter motor for popular trucks such as the DAF CF85, XF95, XF105, Iveco Euro Trakker, Stralis, Trakker, MAN TGA, Mercedes Actros, Atego 2, Axor, Renault Kerax, Midlum, Premium, Scania P, G, R, T series and Volvo FE, FH, FL II, FM, FMX.

These new starters are in-stock at our distribution centres.

Key benefits of the Remy Gold range:

- Quality New Product manufactured at Remy plant
- Superior OE equivalent quality
- 2 years warranty limited to 200.000 km for Heavy Duty items
- 5 years warranty for Light Duty items

The Remy Gold program is supported with online catalogue and various product leaflets. Ask your Remy sales representative for more details and visit our new website www.remyeurope.com for more information on our Remy Gold, Remanufactured and Smart ranges.

This extension to our product portfolio strategically positions us as a one-stop-shop for Heavy Duty Distributors and wholesalers. BPI Group offers one of the broadest ranges in new Remy starters and alternators as well as remanufactured products you can trust.
